DOCKET NO. 2018-256-S

**Application of Carolina Water Service, Inc. for Approval of a Satellite
Sewer System Agreement with the City of Columbia**

Carolina Water Service, Inc. (CWS or the Company) has filed an Application for Approval of a Satellite Sewer System Agreement by and between CWS, a Delaware corporation, and City of Columbia, a political subdivision of the State of South Carolina. The Company owns, operates and maintains a satellite sanitary sewer system as defined in S.C. Code Ann. Regs. 61-9.122.2 (Satellite Sewer System) at or near the Friarsgate Subdivision in Richland County, South Carolina. The City of Columbia owns, operates, and maintains a wastewater sewer system, which includes a wastewater collection and transmission system located in Richland County at or near the Friarsgate Subdivision. The Company and the City of Columbia have negotiated an agreement whereby City of Columbia will provide sanitary sewer treatment service to CWS and CWS will transmit wastewater collected in the Satellite Sewer System to the Columbia Sewer System for transmission to the Metro WWTP for treatment and discharge to waters of the State under the City permit. The Application states that the City of Columbia shall provide conveyance to the Metro WWTP for treatment at a volumetric wholesale rate equal to the inside City rate plus 5%, which is currently an adjusted rate of \$4.14 per hundred cubic feet.

Should the Commission approve the instant Application, CWS will provide collection-only sewer service to the affected customers pursuant to all of the terms, conditions, rates and charges in the Company's rate schedule as may be on file with the Commission and in effect from time to time.

Currently, pursuant to the terms of the Applicant's NPDES permit, CWS discharges effluent into the Saluda River. Approval of the Satellite Sewer System Agreement will eliminate the discharge into the Saluda River.

The Application was filed pursuant to S.C. Code Ann. §58-5-240(G), S.C. Code Ann. Regs. 103-503 and 103-541.
